TheBus Service Reductions and Route Modifications Planned for August 2003

The Bus SERVICE REDUCTIONS AND MODIFICATIONS

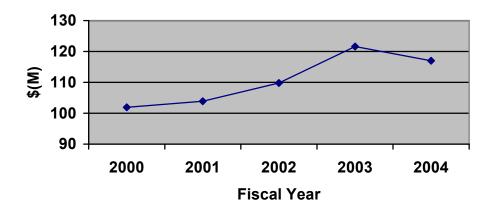

This document describes service reductions or route modifications to most TheBus routes that were implemented in June 2003 and those scheduled for August 2003.

Reason for the service reductions and modifications

The service hours that Oahu Transit Services, Inc. (OTS) can operate is based on the funding appropriated in the annual operating budget.

The following chart shows the trend of funding for bus service hours between Fiscal Year 2000 and Fiscal Year 2004:

TheBus Operating Budget

As shown above, the operating budget for TheBus increased steadily over the past three years.

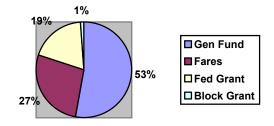

The operating budget for TheBus is funded from the following sources:

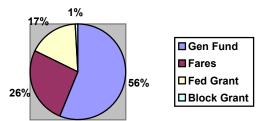

- Fares
- General Fund (City-wide Taxes)
- Federal Grants
- Community Development Block Grant (CDBG)

The following charts show the percentage of the operating budget funds by the above sources:

Fiscal Year 2001

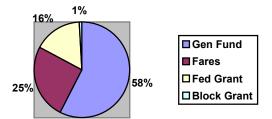

Fiscal Year 2002

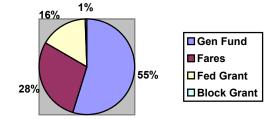

Fiscal Year 2003

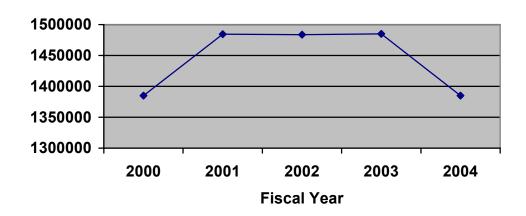

Fiscal Year 2004

The corresponding bus service hours for the same period are shown below:

TheBus Service Hours

The above charts illustrate the reduction in the operating budget between Fiscal Year 2003 and Fiscal Year 2004.

Fiscal Year 2003	\$12	21.6 million
Fiscal Year 2004	<u>\$1</u>	17.0 million
Reduction	\$	4.6 million

The \$4.6 million reduction in the operating budget necessitates a 100,000-hour reduction in annual bus service hours. This is a 6% reduction in total service hours.

Service Reductions and Modifications – Rationale

Reducing bus service is very difficult as it directly affects individuals who choose to use public transit as their mode of transportation. No public transit agency wants to reduce service. On the contrary, public transit agencies are always

seeking avenues to increase ridership by making the service more available to the community.

Every major transit agency in the United States is faced with making major reductions in its bus service. The terrorists' attacks of 9-11 had a negative impact on transit ridership that reduced ridership and revenue. As a result, such cities as Oakland, California; San Diego, California; Denver, Colorado; Washington, D.C. and Philadelphia, Pennsylvania must all make very difficult choices.

In determining the options for reducing bus service in Honolulu, the following criteria was used:

- Impact the least number of transit riders.
- Target the least efficient routes.
- Avoid route elimination, if possible.

Environmental Justice (EJ) Analysis

The City and County of Honolulu conducted an Environmental Justice review of the Fiscal Year 2003 bus service changes. This review is required under Executive Order 12898. The purpose of the Environmental Justice review is to determine whether or not the service changes are distributed equally and are not discriminatory.

The Environmental Justice review analyzed two performance measures:

- Transit Miles the number of transit miles operated in a given area.
- Opportunity to Access Bus Transit the total number of times a bus is scheduled to stop at a bus stop.

The analysis of the above performance measures found the following between bus service before any reductions (March 2003) and after all planned reductions:

Daily Transit Miles – March 2003

	EJ Areas	Non-EJ	Total
		Areas	All Areas
March	9,314	46,998	56,312
Proposed	8,556	42,911	51,467
Percent Change	8.13%	8.7%	8.6%

<u>Daily Opportunities to Access Bus Transit – March</u> **2003**

	EJ Areas	Non-EJ	Total	
		Areas	All Areas	
March	8,527	28,405	36,932	
Proposed	7,680	25,444	33,124	
Percent Change	9.94%	10.42%	10.31%	

Based on these findings, the following:

- The average reduction in scheduled transit miles proposed is comparable for EJ neighborhoods and non-EJ neighborhoods.
- The average reduction in opportunities to access bus transit is comparable for EJ neighborhoods and non-EJ neighborhoods.

Service Reductions and Modifications – June 2003

In June, adjustments were made to fifteen express routes and six regular routes, which result in annual saving \$1.2 million. The service reductions by individual routes are listed in Attachment A.

The service adjustments introduced in June focused on peak hour express routes. As a result, some riders had to switch their departure times and some riders had to stand.

OTS is conducting periodic load checks on the peak hour express services and is making adjustments where required so that there are no pass-ups. Some additional adjustments are anticipated when students return to school.

Service Reductions and Modifications – August 2003

The August service adjustments will modify the headways (minutes between buses) on many routes. For example, Route 1 will go from a bus every eight minutes to a bus every nine minutes. No routes will be eliminated. The specific changes are shown in Attachment B.

The August service adjustments will reduce expenditures by \$4.5 million.

Routes 3, 9, and 12 will be combined in a way that improves the service and reduces expenditures by \$350,000.

Route 3, 9, & 12 Consolidation for August 2003

■ Route 3 — The current routing east of downtown Honolulu to RUGER WAIALAE AVE will remain the same. West of downtown Honolulu, Route 3 will replace Route 12 on Liliha, Vineyard, H-1 Freeway and through Mapunapuna to SALT LAKE.

New Route 3 Kaimuki – Salt Lake

- Buses leaving Salt Lake will be marked 3
 Ruger Koko Head Avenue;
- Buses going to Salt Lake will be marked 3
 Salt Lake.
- Salt Lake service will be modestly improved with longer service hours.
- Salt Lake buses will operate past Ala Moana Center on Kapiolani Boulevard only, will not go into or circle the center.
- Riders currently traveling from Kaimuki to the Pearl Harbor area will need to transfer to new Rt. 9 Navy on Kapiolani Boulevard or downtown.
- Route 9 The current routing east of downtown Honolulu to PALOLO VALLEY will remain the same. West of downtown Honolulu, Route 9 will replace Route 3 on Dillingham, Kamehameha, Nimitz to PEARL HARBOR.

New Route 9 Palolo Valley – Pearl Harbor

 Buses leaving Palolo Valley will be marked 9 Navy.

- Buses returning to Palolo Valley will be marked 9 Palolo Valley.
- Former Rt. 3 Riders traveling from Kaimuki to the Pearl Harbor area will need to transfer to new Rt. 9 Navy on Kapiolani Boulevard, or downtown.
- Route 12 The Route 12 number will be retired. Route
 12 will be incorporated in the new Route 3 Kaimuki –
 Salt Lake service.
